MANAGEMENT

MERIT
MEDI-TRANS
Non emergency medical transport

Home & Health Care Management has partnered with Merit Medi-Trans to provide California State Certified Nurse Assistants for medical appointments.

Two of the area's most successful and trusted companies have joined together to provide transportation and trained, professional pre-screened Certified Nurse Assistants (CNA) to accompany your patients to and from their medical appointments. Our CNAs meet or exceed Title 22 requirements. You can feel secure knowing that Merit Medi-Trans and Home & Health Care are providing your patients with safe, reliable and professional services.

Many doctors' offices now prefer Skilled Nursing Facility patients to be accompanied to their medical appointments. Merit Medi-Trans and Home & Health Care will provide this service for you; a safe comfortable ride with a trained CNA to accompany your patients. This service will have a positive impact since you can maintain your staffing ratios without having to make staffing adjustments to accommodate a patient's medical appointment.

If family members have been accompanying their relative to the medical appointments and they happen to be unavailable, you can assure them that Medical Appointment Attendants is a value added service you can provide to them in the care of their loved ones.

**It's cost effective too!
The CNA rate is just \$20 per hour.**

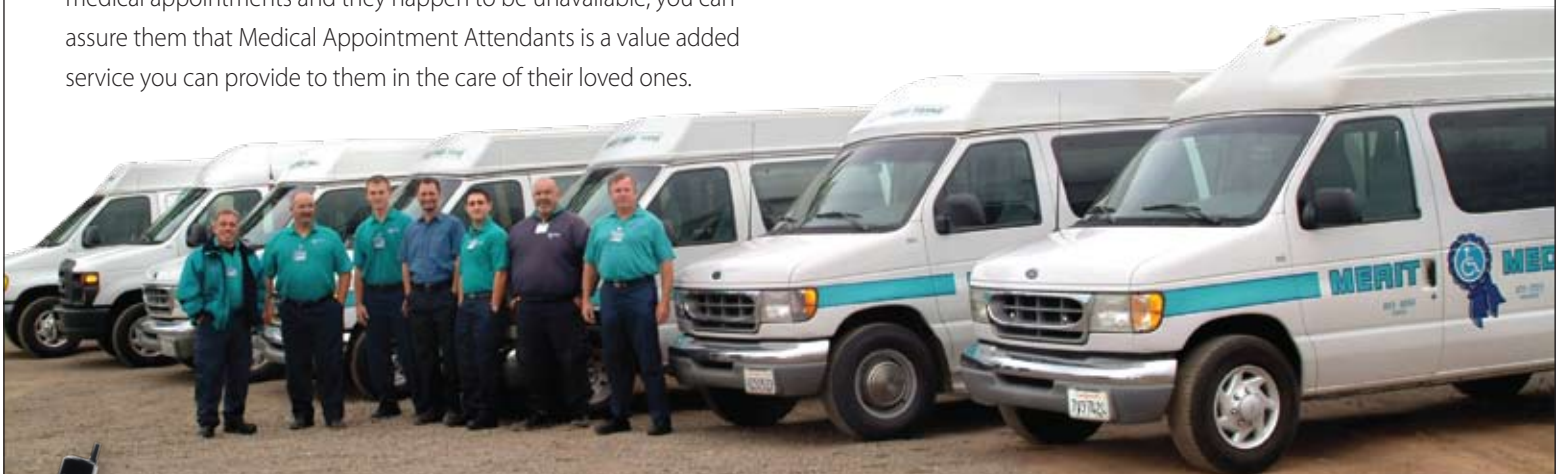

The CNA will accompany your patients to their medical appointment; as well as staying with them to assist in their care during and after the appointment. The CNA will assist your patient in the examination room, securely transporting their documents, such as new physician's orders and making sure they have everything they need for their return back to your facility.

Coverage Area?

Butte, Glenn, Tehama, Shasta, Yuba, Sutter, and Colusa counties

How does it work?

- Step One:** Contact Merit Medi-Trans at 1-877-GO BY VAN (1-877-462-9826) to initiate the business agreement.
